About Me

I am a multimedia design student from Iceland, aiming to become a front-end developer. I am a quiet, thoughtful and success-driven person who spends a lot of time ensuring the results of my work is the best it can be.

My competences include writing semantic and accessible websites with HTML, implementing designs, transitions and animations with CSS and fetching data with JS and displaying it dynamically. I also work with React and NextJS for more interactivity.

I am eager to apply my skills from my studies in real life projects and further learn how daily routines and tasks are in the industry.

Education & Courses

Københavns Erhvervsakademi (KEA)

August 2021 - June 2023

Multimedia design, front end development

Kunsthøjskolen i Holbæk,

August 2016 - December 2016

Graphic design

Menntaskólinn í Hamrahlíð Gymnasium, (Iceland)

August 2011 - May 2016

Studentereksamen

Skills

Languages

My mother language is **Icelandic** but I am fluent in **English** and understand the basics of **Danish**.

Web Development

HTML, CSS/SASS, Javascript, Wordpress, React, NextJS

Graphics

Figma, Xd, Illustrator, Photoshop

Soft Skills

I would consider myself as being friendly, a good listener and having a positive attitude towards learning new things and adapting to new workflows. I am also good at timekeeping and breaking tasks into smaller ones to achieve my goals.
